Curious South-Sea Jargon.

Beach-lamer is a curious jargon
which has developed as a means of
communication between English-speak-
ing traders and the Islanders of the
western Pacific. It derives its name
from that of an edible marine organ-
ism, the fishing of which flourished
in the South seas in the middle of the
last century. Nearly all the words in
this language are English, but they are
strung together by the natives in ac-
cordance with the rules of their own
speech.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach
sufferers are doing now. Instead of
taking tonics, or trying to patch up a
poor digestion, they are attacking the
real cause of the ailment—clogged liver
and disordered bowels.

Dr. Edwards' Olive Tablets arouse
the liver in a soothing, healing way.
When the liver and bowels are per-
forming their natural functions, away
goes indigestion and stomach troubles.

Have you a bad taste, coated tongue,
poor appetite, a lazy, don't-care feeling,
no ambition or energy, trouble with
undigested foods? Take Olive Tablets
the substitute for calomel.

Dr. Edwards' Olive Tablets are a
purely vegetable compound mixed with
olive oil. You will know them by their
olive color. They do the work without
griping, cramps or pain.

Take one or two at bedtime for quick
relief. Eat what you like. 15c and 30c.
